One easy way to grade your community is to fill in this report-card form. Give your community a grade -- A, B, C, D, or F -- in each area. If you wish, you can give grades in only some of the areas; or you can grade them all. There is space for additional comments, like an explanation of why you gave the grade you did, or how you think the situation can be improved. When you are done, you can give your community an overall grade. Then, send the report card in to us!
